The town dog pretty generally appeared this week with closed mouth and a downcast look.

If a man wants to make a good paying investment, and a safe one, let him buy Kansas farms. At no time in the history of the state has there been such a fine opening for a sure profit.

Col. March has countermanded his order for medicated paper. He says every colored family in town received a copy of the last issue of the Modern Light and most of them were left on his hands.

The potato crop in this county is good and the price is higher than usual. It seems that we are blessed with products of every kind this year and the present outlook is that we will get good prices for all.

A renter on a 160-acre farm near Baxter Springs has turned over \$400 worth of grain to the owner as his share of the "crop rent" or one-third of the crop. This looks as if there was some value attached to Kansas farms.

Ren Brewster returned from Oklahoma Monday. He secured two claims, but sold them out and will remain in Baxter Springs. He says the Indians took up the best lands and with two to three claimants on every quarter section it will be pretty tough picking.

Commissioner McGregor says the county poor house is almost self-sustaining. In view of the fact that the membership of that institution is on the increase this is a very gratifying report. During the past year a large orchard has been set out and quite a lot of repairs have been made.

A negro boy by the name of Bryant living a few miles north of the city, had his right hand badly crushed in a cider mill Monday. The finger bones were smashed to smithereens and the flesh badly lacerated before the mill could be stopped. One finger had to be amputated and two others nearly so.

The big cloak sale of last Saturday brought in more farmers and farmers' wives than have been seen on our streets at once for a long time. The cloak sale was a grand success and demonstrated the fact that it pays to advertise.

A heavy flagstone walk was put down in front of the Williams & Robeson lumber yard last week while the Long-Bell Co. have laid a neat brick pavement in front of their place of business. There are now several blocks of brick pavement on Sheridan avenue.

Drs. Duncan and Reynolds last Monday performed a very neat and intricate operation on the left hand of Joe Bryant, which will be considered scientific and successful if Joe don't die too soon. Quite a number of Grand Army men left this city Tuesday morning for Southwest City, Mo., to attend the annual reunion at that place. They are fully supplied with ammunition and commissary goods and expect to enjoy themselves in old fashioned army style. "Not all is gold that glitters" is a true saying; it is equally true that not all is sarsaparilla that is so labelled. If you would be sure of the genuine article, ask for Ayer's Sarsaparilla, and take no other. Health is too precious to be trifled with.
